

CATEGORY: ANTI-VIBRATION PADS

WP SERIES

Neoprene waffle pad

3/16 in Thickness (14 mm)	1-25 psi Load range (7-172 kPa)	6 sizes Can be cut to size
-------------------------------------	---	--------------------------------------

DESCRIPTION

- Waffle design with built-in suction cups.
- Waffle pattern provides superior vibration attenuation.
- No bolting required.
- Simple field installation.
- Load range from 1 to 25 psi.

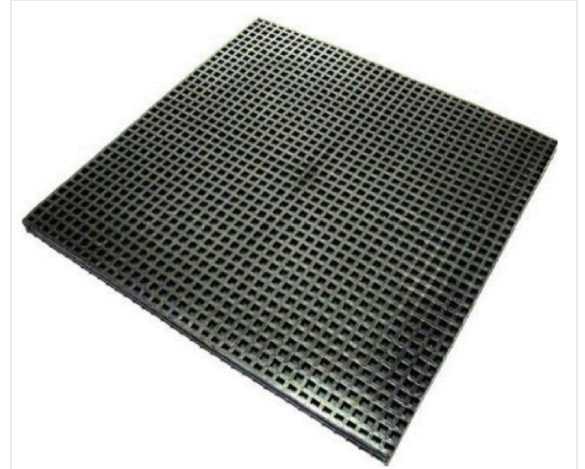

APPLICATION

Used for pumps, motors, air-conditioning units, generators, fans, etc.

SELECTION TABLE

Size (in)	Max. load per pad (lb)	(kg)
2 x 2	100	45
3 x 3	225	102
4 x 4	400	181
6 x 6	900	408
12 x 12	3,600	1,633
18 x 18	8,100	3,674

Maximum loads at 25 psi, based on 40-durometer WP pads.

WP waffle pad.
